Alcohol Abuse Tracking Committee  
Utah Department of Public Safety

**Keith D. Squires**  
Commissioner, Committee Chair

Utah Department of Public Safety

# Alcohol Abuse Tracking Committee (AATC) 2013 First Annual Report

# Acknowledgements

It is with much appreciation that the AATC (Alcohol Abuse Tracking Committee) acknowledges the following agencies, groups and committees for their continuous support to identify and eliminate alcohol abuse in the State of Utah and for providing information for this report: Statewide Epidemiological Outcome Workgroup (SEOW); Behavioral Risk Factor Surveillance System (BRFSS); Student Health and Risk Prevention (SHARP); Utah State Substance and Abuse Epidemiological Profile (Epi Profile); Eliminating Alcohol Sales to Youth (EASY); Commission on Criminal and Juvenile Justice (CCJJ); Utah State Courts, Administrative Office of the Courts (AOC); Department of Alcoholic Beverage Control (DABC); Department of Corrections (DOC); Department of Technology Services (DTS); Department of Workforce Services (DWS); Department of Public Safety, State Bureau of Investigation (SBI); Mothers Against Drunk Driving (MADD), Utah County.

Annual DUI Report (Separate Attachment)	

# Purpose of the Report

A prior AATC report was submitted to the Business and Labor Interim Committee on October 17, 2012; however, this is the First Annual AATC Report being submitted to the Governor and Legislature. This report was prepared in accordance with 2012 Legislative Session House Bill 354 Utah State Code 53-1-119 (7):

- (a) The committee shall begin to collect the information described in Subsection (6) by January 1, 2013. For fiscal year 2012-13, the committee is required only to report the information collected between January 1, 2013 and June 30, 2013.
- (b) Beginning December 31, 2013, the committee shall report the information collection under Subsection (6) annually to the governor and Legislature by no later than the December 31 immediately following the fiscal year for which the information is collected.

The Alcohol Abuse Tracking Committee (AATC) was created as a result of the 2012 Legislative Session House Bill 354 Alcohol Beverage Amendments. The Committee is made up of several Divisions, Agencies, Department, Committees, Organizations, and individuals throughout Utah. The committee's responsibilities are to determine if data is being collected and if not how it can be collected in the following areas:

53-1-119(6)

- (a) the number of individuals statewide who are convicted of, plead guilty to, plead no contest to, plead guilty in a similar manner to, or resolve by diversion or its equivalent to a violation related to underage drinking of alcohol;

- (b) the number of individuals statewide who are convicted of, plead guilty to, plead no contest to, plead guilty in a similar manner to, or resolve by diversion or its equivalent to a violation related to driving under the influence of alcohol;
- (c) the number of violations statewide of Title 32B, Alcoholic Beverage Control Act, related to over-serving or over-consumption of an alcohol product;
- (d) the cost of social services provided by the state related to abuse of alcohol, including services provided by the Division of Child and Family Services within the Department of Human Services;
- (e) where the alcoholic products are obtained that results in the violations or costs described in Subsection (6)(a) through (d);
- (f) Any information the committee determines can be collected and relates to the abuse of alcoholic products.

The Alcohol Abuse Tracking Committee (AATC) began meeting in May 2012 with subsequent meetings being held thereafter. Communication continues among committee members and agencies to identify alcohol abuse problems within the State of Utah. A variety of resources have been used to gather alcohol related information including SEOW (Statewide Epidemiological Outcome Workgroup) report, BRFSS (Behavioral Risk Factor Surveillance System), SHARP (Student Health and Risk Prevention) survey, Epi Profile (substance and epidemiological profile), EASY (Eliminating Alcohol Sales to Youth) report, CCJJ (Commission on Criminal and Juvenile Justice) report, AOC (Administrative Office of the Courts) report, DABC (Department of Alcoholic Beverage Control) report, DOC (Department of Corrections) report, DTS (Department of Technology Services) mapping, DWS (Department of Workforce Services) CAGE report, SBI (State Bureau of Investigation) report, and various websites. The compiled information has been gleaned from January 2013 through June 2013 and is presented in this AATC First Annual Report.

## Surveys and Reports:

### Statewide Epidemiological Outcome Workgroup (SEOW)

The SEOW report is an estimate of costs of alcohol abuse in the State of Utah. This report is not available at this time as information will continue to be collected through December 31, 2013. An amended AATC Report will be submitted once this information is received.

## **Behavioral Risk Factor Surveillance System (BRFSS)**

This is a telephone survey conducted by the Utah Department of Health to collect information on a variety of health behaviors including alcohol use. This survey includes questions that identify patterns of high risk alcohol consumption, “chronic drinking” and “binge drinking”.

Utah BRFSS included two additional alcohol consumption questions in 2013. Respondents who report drinking alcohol in the past 30 days are asked where they did most of their drinking on the last occasion and where they bought the alcohol they consumed on the last occasion. People who report having binged will be asked the questions regarding the last time they binged (4 or more drinks for women, 5 or more drinks for men). By asking these questions of anyone who consumed alcohol, not just binge drinkers, we will be able to analyze whether there are differences in behavior between those who do and those who do not binge drink. So far in 2013, the Utah BRFSS Program has collected approximately 4,000 completed surveys. Of these, an estimated 1,000 respondents have answered these additional questions. We estimate that we will have approximately 3,600 responses to these questions by the end of the year. The results to these two questions are shown below along with a comprehensive summary of alcohol indicators.

<b>1</b>	<b>During this most recent occasion, where were you when you did most of your drinking?</b>	<b>Results:</b>
	<b>Read only if necessary:</b>	
1	At your home, for example, your house, apartment or dorm room	<b>59.3%</b>
2	At another person’s house	<b>18.9%</b>
3	At a restaurant	<b>9.4%</b>
4	At a banquet hall	<b>0.5%</b>
5	At a bar	<b>5.6%</b>
6	At a club	<b>1.2%</b>
7	At a public place, such as a park, concert, or sporting event	<b>1.7%</b>
<b>2</b>	<b>During this most recent occasion, where had most of the alcohol you consumed been purchased? (Read only if necessary)</b>	
1	From a grocery or convenience store	<b>30.2%</b>
2	From a Restaurant	<b>9.7%</b>
3	From a banquet hall	<b>0.1%</b>
4	From a Bar	<b>6.1%</b>
5	From a Club	<b>1.0%</b>
6	From a State liquor store	<b>47.7%</b>
7	From an Alcohol package agency	<b>0.5%</b>
8	From a Fair, festival, concert or sporting event	<b>0.04%</b>
9	From another state	<b>0.6%</b>

## Alcohol Indicators

INDICATOR	Year	rate	number	percent	Notes/Comments
- Adult Alcohol Dependence	2011			4.59%	
- Adult Arrests For Alcohol Law Violations	2007	1246	22849		
					Increase from 8.7% in 2010 (Methodology of BRFSS changed from 2010 to 2011 that at least partially
- Adult Binge Drinking	2012			11%	explains jump)
					Increase from 25% in 2010 (Methodology of BRFSS changed from 2010 to 2011 that at least partially
- Adult Current Drinking	2012			29.00%	explains jump)
- Adult Drinking And Driving	2010			0.50%	
					Increase from 3.1% in 2010 (Methodology of BRFSS changed from 2010 to 2011 that at least partially
- Adult Heavy Alcohol Use	2012			3.50%	explains jump)
- Adult Violent Crime Arrests	2007	94.81	1739		
- Alcohol Related Fatal Crashes (FARS)	2009	1.83	50.8		
- Alcohol Related Fatal Crashes-Percentage (FARS)	2009			23.41%	
- Alcohol Related Motor Vehicle Crashes-Fatal	2011	1.17	33		
- Alcohol Related Motor Vehicle Crashes-Injury	2011	25.52	719		
- Alcohol Related Motor Vehicle Crashes-Total	2011	58.99	1662		
- Alcoholic Liver Disease	2011-2012	3.47	169		
- Alcoholism Fatalities	2011-2012	2.41	119		
- Emergency Department Visits Due To Alcohol Poisoning	2010-2011	1.56	845		
- Gallons Of Alcohol Sold					
- Homicides	2011-2012	1.83	100		
- Juvenile Arrests For Alcohol Law Violations	2007	1079	3609		
- Other Cirrhosis Fatalities	2011-2012	4.56	210		
- Reported Violent Crimes	2007	230.7	6143		
- Adults In ATOD Treatment Programs	2012			17264	
- Juvenile Arrests For Violent And Property Crimes	2007	2004	6704		
- Youth Need For Alcohol Or Drug Treatment	2013			4.40%	All grades (6, 8, 10 and 12 combined)

ALCOHOL INDICATORS AND ALCOHOL-RELATED INDICATORS - DEPARTMENT OF  
Alcohol Indicators

## **Student Health and Risk Prevention (SHARP)**

**T**he SHARP (Student Health and Risk Prevention) Survey is a biennial survey administered to approximately 60,000 students in the 6<sup>th</sup>, 8<sup>th</sup>, 10<sup>th</sup>, and 12<sup>th</sup> grades. The information collected is used (in part) to identify alcohol use by youth in the State of Utah. The following data is a summary of the 2013 Survey.

<b>2013 SHARP Survey Summary</b>					
	<u>6th</u> <u>grade</u>	<u>8th</u> <u>grade</u>	<u>10th</u> <u>grade</u>	<u>12th</u> <u>grade</u>	<u>All Grades</u>
Youth Alcohol Use-30-Day	1	4.2	9.4	14	7
Youth Alcohol Use-Lifetime	6.5	14.7	27.1	33.1	20
Youth Binge Drinking	1.4	3.4	6.1	9.1	4.9
Youth Drinking And Driving	1	1.8	2.1	3.6	2.1
Youth Need For Alcohol Treatment	0.1	1	3.1	4.2	2.1
Youth Riding With Drinking Driver	6.7	7.8	9.3	8.8	8.2

## **Utah State Substance and Abuse Epidemiological Profile (Epi Profile)**

**T**he Department of Health summarizes specific data related to substance use and the consequences. This is called the Epidemiological Profile and includes data such as, but not limited to, adult and youth alcohol consumption, suicide rates, prescription drug overdoses (fatal and hospitalizations) and arrest rates.

**E**pi Profile data is collected from multiple datasets including the Drug Abuse Warning Network (DAWN), FBI, Law Enforcement, Utah Department of Health (BRFSS, Vital Statistics from IBIS), and National Survey on Drug Use in Households (NSDUH) along with our Student Health and Risk Prevention (SHARP Survey). The following information is the most current data available.

## **Epidemiological Data**

### **Alcoholic Liver Disease**

## Eliminating Alcohol Sales to Youth (EASY)

The EASY program conducted 628 off-premise underage buyer operations in nine counties throughout Utah from January 2013 through June 2013. These covert operations are for off-premise sale of alcohol (grocery or convenience store) to youth. The following data concludes that Utah is 91.08% compliant (did not sale to a minor). Costs of reimbursements to law enforcement agencies totaled \$16,091.69.

## Commission on Criminal and Juvenile Justice (CCJJ) Cost/Benefit

The 2013 Legislature appropriated \$5,118,400 to be distributed from the *Alcoholic Beverage Enforcement and Treatment Restricted Fund* (State Beer Tax) to municipalities and counties statewide on a formula basis.<sup>1</sup> These funds are used to support DUI enforcement as well as other alcohol-related activities. Total amount spent was in FY 2013 was \$4,239,508.93 in the following categories:

- Alcohol-related prevention/education;
- Treatment of offenders with alcohol problems;
- Alcohol-related law enforcement, including DUI;
- Prosecution of alcohol-related cases; and
- Confinement of alcohol law offenders.

CCJJ prepared the Eleventh Annual Driving Under the Influence Report to the Utah Legislature in accordance with §41-6a-511 of the Utah Code. The statute requires the Utah Commission on Criminal and Juvenile Justice to prepare an annual report of DUI related data, including the following:

- Data collected by the state courts to allow sentencing and enhancement decisions to be made in accordance with violations involving driving under the influence of alcohol and/or other drugs;

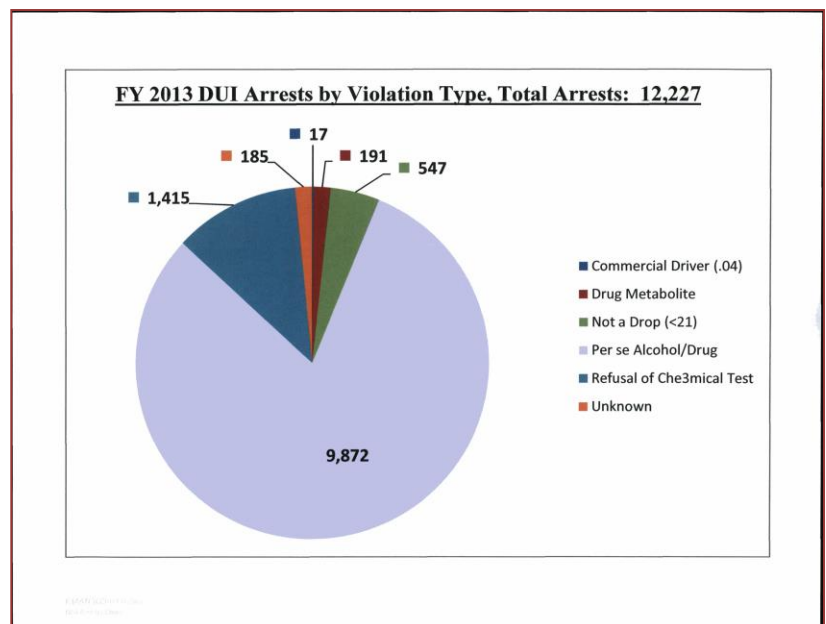

In accordance with §32B-2-404 (UCA), the State Tax Commission distributes beer tax funds to municipalities and counties in December of each year based upon the following formula: percentage of state population residing in each municipality and county (25%); each municipality's and county's percentage of the statewide convictions for all alcohol-related offenses (30%); the percentage of the following in the state that are located each municipality and county; state stores, package agencies, retail licensees, and off-premise beer retailers (20%); and for confinement and treatment purposes (for persons arrested for or convicted of offenses in which alcohol is a contributing factor) on the basis of the percentage of the state population located in each county (25% to counties only).

- Data collected by the justice courts (same DUI related data elements collected by the state courts); and
- Any measures for which data are available to evaluate the profile and impacts of DUI recidivism and to evaluate the DUI related processes of:
  - Law enforcement;
  - Adjudication;
  - Sanctions;
  - Driver license control, and
  - Alcohol education, assessment, and treatment.

The Utah Department of Public Safety, through its Driver License Division and Highway Safety Office, collects information on all DUI arrests. In FY 2013, law enforcement officers made 12,227 DUI arrests. This was 804 fewer than in FY 2012, representing a decrease of over six percent, and a decrease of over 11 percent since FY 2011.

During FY 2013, nearly 81 percent of the arrests were for per se violations where the driver had a .08 or greater blood/breath alcohol concentration, or was impaired by alcohol, drugs, or a combination of the two to the extent it was unsafe to operate a vehicle. Under Utah law, drivers are considered to have given consent to tests of breath, blood, urine, or oral fluids to determine whether they are driving under the influence of alcohol or other drugs. Almost 12 percent of arrests were for refusal to submit to a chemical test. It is also illegal to drive with any measurable controlled substance metabolite in one's body, which accounted for almost two percent of arrests. Violations of the Not a Drop statute, by persons under the age of 21 who drove with any measurable alcohol concentration in their body, accounted for 4.5 percent of the arrests, a decrease of nearly eight percent from the previous year and 22.5 percent since FY 2011. The fewest arrests were commercial drivers exceeding the .04 limit, which represented only 0.1 percent of the total.

The arrests made in FY 2013 included those that occurred as a result of specialized DUI overtime enforcement events such as enforcement blitzes, saturation patrols, and DUI checkpoints. A portion of the DUI impound fees collected was specifically designated to fund the overtime shifts. During FY 2013, 104 law enforcement agencies throughout the state participated in overtime events, including local police agencies, sheriffs' offices, the Utah Highway Patrol, Motor Vehicle Enforcement, Utah Parks and Recreation, Utah Wildlife Resources, and three university police departments.

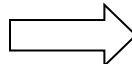

The following tables show 2013 summary of data collected in the following areas: DUI Overtime Enforcement Events, DUI Arrests by Agency Type, DUI Arrest by Gender, Age, Blood Alcohol Concentration (BAC).

<b>FY 2013 Statewide DUI Overtime Enforcement Events</b>		
		<u>Total</u>
DUI Shifts Worked		2,306
Vehicles Stopped		26,306
DUI Arrests:		
Alcohol	768	
Drugs	155	
Drug Metabolite	<u>73</u>	
	996	996
Vehicles Impounded		629
Alcohol-Related Arrests		634
Drug-Related Arrests		489
Warrants Served		424
Other Warnings/Citations		21,370

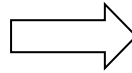

This table shows the measures associated with DUI overtime enforcement events in FY 2013. Of the total 996 DUI arrests, 778 were for alcohol.

<b><u>FY 2013 DUI Arrest by Agency Type</u></b>		
	<u>Number</u>	<u>Percent</u>
Sheriffs' Offices	1,439.00	11.8%
City Police/Other	6,542.00	53.5%
Highway Patrol	<u>4,246.00</u>	<u>34.7%</u>
TOTAL	12,227.00	100.0%

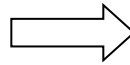

Fifty-three percent of all DUI arrests in FY 2013 were made by municipal law enforcement agencies, with the Utah Highway Patrol responsible for almost 35 percent, and county sheriffs' offices responsible for almost 12 percent.

<b><u>FY 2013 DUI Arrest by Gender</u></b>		
	<u>Number</u>	<u>Percent</u>
Male	8,753.00	71.6%
Female	3,369.00	27.5%
Unspecified	<u>105.00</u>	<u>0.9%</u>
TOTAL	12,227.00	100.0%

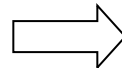

In FY 2013, nearly 72 percent of arrestees were male and 27 percent were female. The proportions of male and female have remained fairly consistent over the past three years.

<b><u>FY 2013 DUI Arrest by Age</u></b>		
	<u>Number</u>	<u>Percent</u>
Age Unknown	-	0.0%
Ages 13-20	1,460	11.9%
Ages 21-24	2,144	17.5%
Ages 25-36	4,838	39.6%
Ages 37-48	2,231	18.3%
Ages 49-87	<u>1,554</u>	<u>12.7%</u>
TOTAL	12,227	100.0%

The youngest DUI driver in FY 2013 was 13 years old, and the oldest were 79-81 years of age. Nearly 12 percent of arrestees were under the legal drinking age of 21, and increase of nearly 40 percent since the previous year. Drivers ages 25-35 accounted for nearly 40 percent of all arrests for DUI.

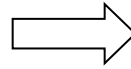

<b><u>FY 2013 DUI Arrest by BAC</u></b>		
	<u>Number</u>	<u>Percent</u>
BAC Results Not Reported	4,573	37.4%
.008 - .07	528	4.3%
.08 - .10	1,043	8.5%
.11 - .15	2,160	17.7%
.16 - .20	1,589	13.0%
.21 - .25	659	5.4%
.26 - .45	265	2.2%
Refused BAC Test	1,410	11.5%
No Test/Unknown	Not Available	
Drug Only	<u>Not Available</u>	
TOTAL	12,227	100.0%

The average BAC in FY 2013 was .146 (median BAC was .14), the same as in the past several years. The highest BAC recorded was .42, over five times the legal limit.

<b>FY 2013 DUI Arrest by Month</b>		
	<u>Number</u>	<u>Percent</u>
January	915	7.5%
February	1,006	8.3%
March	1,210	9.9%
April	862	7.1%
May	986	8.1%
June	948	7.7%
<b>TOTAL</b>	<b>6,300</b>	<b>51.4%</b>

DUI arrests remained fairly consistent throughout CFY 2013 (shown is Jan – June 2013) with an average of 1,019 arrests per month. The highest number of arrests occurred in March (1,210), with the lowest number of arrests in April (862).

Consistent with past years, the majority of DUI arrests during FY 2013 occurred along the Wasatch Front with Weber, Davis, Salt Lake and Utah Counties accounting for 71 percent (8,697) of the total. Salt Lake County had the highest number of arrests with 5,096 (41.7%), while Wayne County had the fewest arrests with one (.01%). The table below also compares the percentage of DUI arrests to the percentage of both total population and vehicle miles traveled in each county.

The following table shows repeat offender data by type of DUI-related arrest. Data were calculated by identifying arrests that occurred in FY 2013 as a starting point, then counting back ten years to determine previous arrests. Each arrest was placed in a column determined by the type of the arrest or violation. Nearly 69 percent of arrests were for a first offense, 20 percent were for a second offense, seven percent were for a third offense, and almost four percent were for a fourth or subsequent offense.

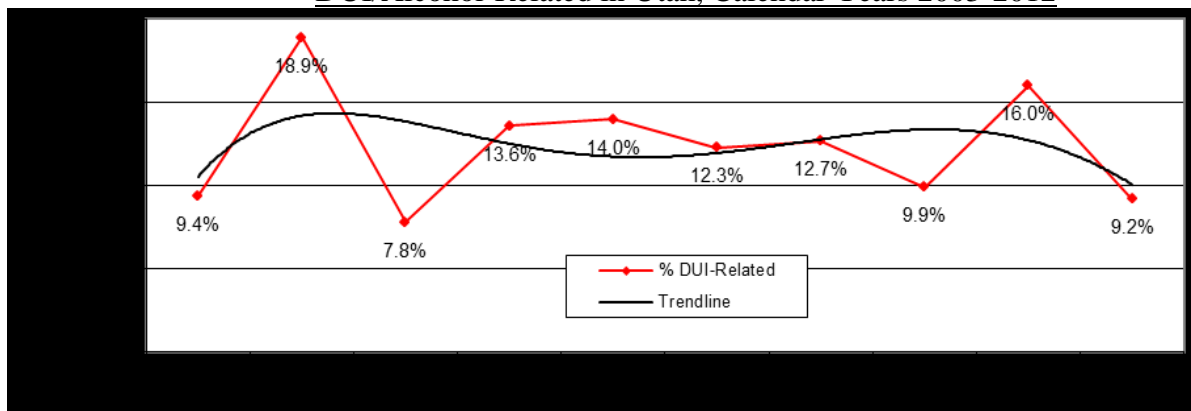

<b>FY 2013 Arrest Type</b>	<b>Per se Alcohol (.08)/ Drug</b>	<b>Refusal of Chemical Test</b>	<b>Not a Drop (<math>&lt; 21</math>)</b>		<b>Drug Metabolite</b>	<b>Commercial Driver (.04)</b>	<b>Unknown (no box marked)</b>	<b>TOTAL</b>

<b>TOTAL</b>	<b>9,872</b>	<b>1,415</b>	<b>547</b>	<b>191</b>	<b>17</b>	<b>185</b>	<b>12,227</b>	<b>100.0%</b>

### **DUI-Related Crashes, Injuries and Fatalities**

- From CY 2011 to CY 2012, the percentage of total crash fatalities that were DUI/alcohol-related decreased from 16.0 percent to 9.2 percent.
- From CY 2011 to CY 2012, the percentage of total crash fatalities that were DUI/drug-related increased from 12.3 percent to 17.1 percent.

The figure below illustrates the trend in Utah's DUI/alcohol-related crash fatalities from calendar years 2003 through 2012.

**Percentage of Total Crash Fatalities That Were  
DUI/Alcohol-Related in Utah, Calendar Years 2003-2012**

### **Adjudications and Sanctions**

#### Justice Court DUI Data:

- In FY 2013, there were 9,023 DUI cases in Utah's Justice Courts. Among the cases resolved, almost 58 percent resulted in a guilty plea or verdict.
- Justice Court judges ordered offenders to participate in an educational series in 2,629 cases, ordered offenders into substance use disorder treatment in 2,144 cases, and ordered ignition interlock devices in 767 cases.

#### District Court DUI Data:

- In FY 2013, there were 2,305 DUI cases disposed by the state's District Courts. Among the cases resolved, almost 76 percent resulted in a guilty plea or verdict.

- District Court judges ordered offenders to participate in an educational series in 308 cases, ordered offenders into substance use disorder treatment in 630 cases, and ordered ignition interlock devices in 275 cases.

### **Driver License Control**

- The Department of Public Safety's Driver License Division is required to suspend or revoke the license of a person who has been convicted or sanctioned for the following:
  - Driving under the influence;
  - Driving with any measurable controlled substance metabolite in the body;
  - Not a Drop violation;
  - Refusal to submit to a chemical test;
  - Automobile homicide;
  - "No-alcohol" conditional license;
  - Alcohol restricted driver (ARD) violation;
  - Interlock restricted driver (IRD) conviction.
- When a driver is arrested for DUI, the license is taken and a 30-day temporary license is issued. Drivers may request a license hearing within 10 days, and the Driver License Division must schedule the hearing within the 30-day period of the temporary license.
- The Driver License Division conducted 5,206 hearings in FY 2013 to determine if there was sufficient information to warrant the suspension or revocation of the individual's driver license.

As shown in the table, there were 5,206 requested alcohol hearings held in FY 2013. The Division is unable to take any action against a driver if the arresting officer does not appear at the hearing. To improve appearance rates, the Division offers a telephonic option whereby officers or offenders can phone in for the hearing.

<b>FY 2013 Alcohol Hearing Statistics</b>				
	<u>Per Se</u>	<u>Not A Drop</u>	<u>Refusal</u>	<u>TOTAL</u>
Total # of Hearings	4,475	110	621	5,206
No Officer	847	23	116	986
No Officer	Not Avail.	Not Avail.	Not Avail.	-
Telephonic	660	6	49	715
Other No Action	1,507	41	165	1,713
Total No Action	Not Available	Not Available	Not Available	-
Total Telephonic				8,620

## Screening, Assessment, Education and Treatment

- **Screening and Assessment:** As part of any sentence for a DUI offense, Utah law requires offenders to participate in a screening and, if indicated by the screening, an assessment. A screening involves gathering information that is used to determine if an individual has a problem with alcohol and/or other drug abuse, and if so, whether an in-depth clinical assessment is appropriate. An assessment is a collection of detailed information concerning the individual's alcohol and/or other drug abuse, emotional and physical health, social roles, and other relevant areas of the individual's life. The assessment is used to determine the need for substance use disorder treatment<sup>2</sup>. The following table shows the orders for substance use disorder screening and assessment by the District and Justice Courts in FY 2013, for those cases where the values were known.

Substance Use Disorder Screening and Assessment Ordered by the Courts			
-	FY 2011	FY 2012	FY 2013
Justice Courts	3,122.00	3,794.00	3,456.00
District Courts	691.00	623.00	693.00
	3,813.00	4,417.00	4,149.00

- **Education:** The purpose of DUI education is to “address any problems or risk factors that appear to be related to use of alcohol and other drugs and attempt to help the individual recognize the harmful consequences of inappropriate use, with special emphasis placed on the dangers of drinking and driving.”<sup>3</sup> Utah DUI offenders sentenced to an educational series attend the PRIME For Life® (PFL) program developed by the Prevention Research Institute (PRI). “PRIME For Life® is a motivational intervention that provides education and strategies for individuals who have experienced problems due to high-risk alcohol or drug use. PFL is an interactive experience designed to motivate and guide individuals toward making low-risk choices and adopting more accurate beliefs about personal risk that will support those low-risk choices. The program provides research-based, low-risk guidelines and assists participants in making choices to best protect what they value.”

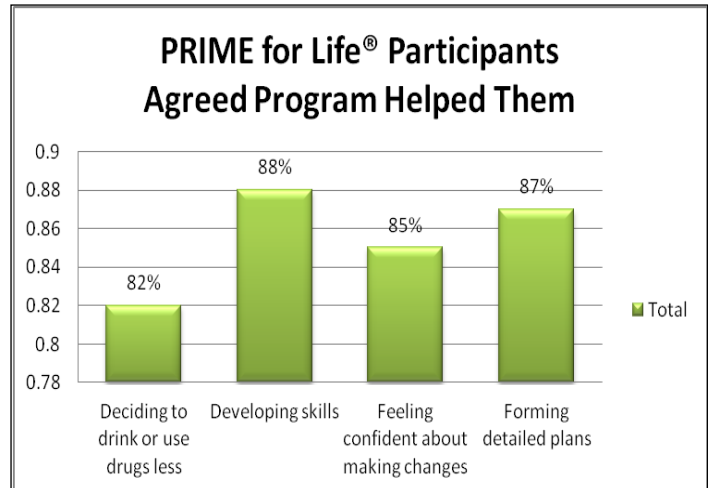

Eighty-one percent of participants who completed the PRIME For Life® (PFL) program, Utah's court-ordered educational series for DUI offenders, reported they were highly motivated to reduce to or maintain their drinking at low-risk levels.

<sup>2</sup> Center for Substance Abuse Treatment, *Screening and Assessment for Alcohol and Other Drug Abuse Among Adults in the Criminal Justice System*, Treatment Improvement Protocol (TIP) Series, #7.

<sup>3</sup> Utah Sentencing Commission, *DUI Best Sentencing Practices Guidebook*, 2003.

Most participants in PRIME for Life (during 2011) reported they *agreed* or *strongly agreed* PFL helped them.

- **Treatment:** For a first and second DUI offense, the court *may* order treatment; for a third or subsequent offense within 10 years, the court *must* order substance use disorder treatment. “Treatment involves the application of planned procedures to identify and change patterns of behavior that are maladaptive, destructive, and/or injurious to health; or to restore appropriate levels of physical, psychological and/or social functioning. DUI offenders assessed as meeting the diagnostic criteria for a substance use disorder should participate in a treatment program in addition to, or in lieu of, the educational course.”<sup>12</sup>

Treatment should address both alcohol and other drug problems. The level of treatment needed (e.g., day treatment, outpatient, intensive outpatient, residential) is determined by the assessment on the basis of the severity of the substance use disorder. The table below shows the orders for substance use disorder treatment by the Justice and District Courts in FY 2013, for those cases where the values were known.

### Utah’s Impaired Driving Media Campaign

- The Utah Department of Public Safety Highway Safety Office’s statewide media, high-visibility enforcement, and community outreach campaign focuses on changing Utah citizens’ current perceptions and behaviors regarding driving under the influence of alcohol. This focus supports the National Highway Traffic Safety Administration’s “Drive Sober or Get Pulled Over” campaign goal to provide resources to communities to create deterrence through public and private partnerships.

## Utah State Courts – Administrative Office of the Courts (AOC)

**A**OC provides information from District Court, Justice Court, and Juvenile Court statewide for: 1) Underage Drinking; 2) Driving Under the Influence; and 3) Over Serving/Consumption of an alcohol product. This information is collected from CORIS (Courts Information Management System) and CARE (Juvenile Case Management System). Below is a summary of the number of charges filed and the number of convictions January 2013 through June 2013.

<b>DISTRICT COURT:</b>				
	<b>----- Convictions -----</b>			
<b>*Charges Filed</b>	<b>Guilty</b>	<b>Guilty Plea</b>	<b>No Contest</b>	<b>*TOTAL CONVICTIONS</b>

## **Department of Alcoholic Beverage Control (DABC)**

**T**here are approximately 1,500 active liquor licenses issued to restaurants, clubs and taverns in the State of Utah. The following types of licenses are:

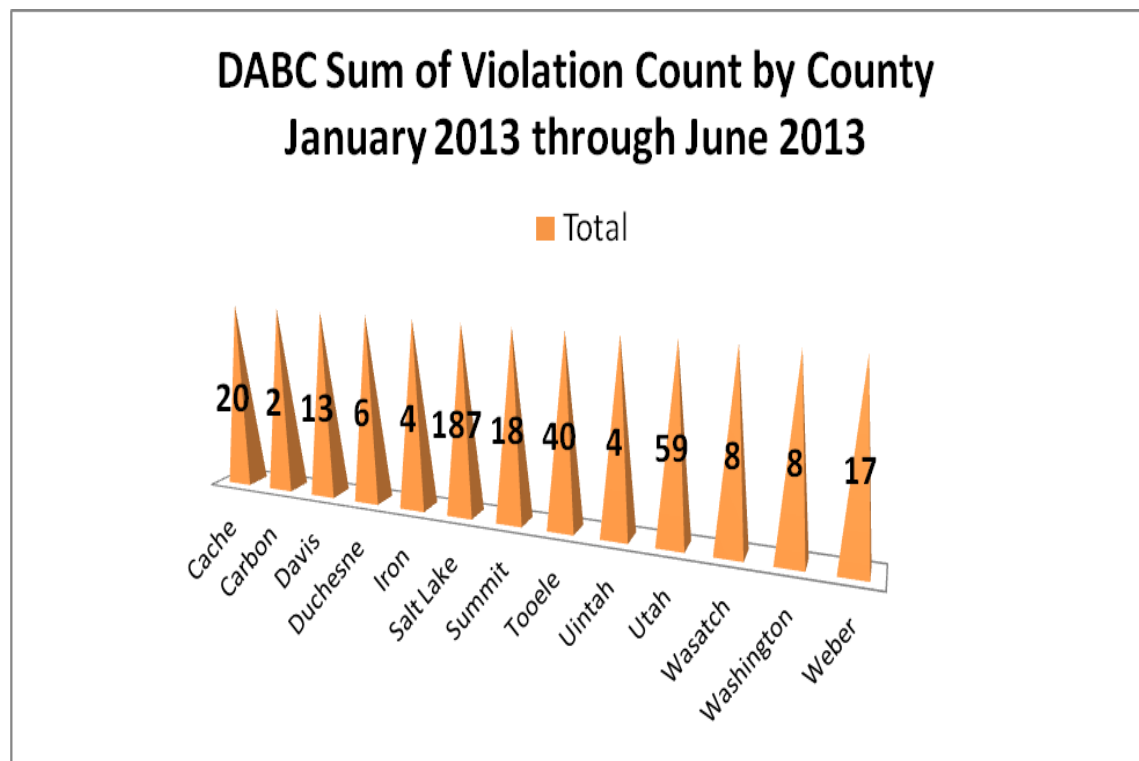

- Restaurant: Must order food to order alcohol;  
Minors are ok but cannot sit at bar.
- Dining Club: 60% is food sales;  
Can order alcohol without ordering food;  
Can walk around with drink;  
Minors are ok with an adult but cannot sit in bar area.
- Social Club: Can order alcohol without ordering food;  
Food must be available;  
No minors allowed on premise.
- Tavern: Same as Social Club but no wine and no spirits;  
Beer is 3.2%;  
No minors allowed on premise.

DABC receives referrals from SBI and local law enforcement for potential administrative action. If the commission or department wants the right to initiate or maintain a disciplinary proceeding on the basis of a violation alleged in a report, the department shall notify the licensee by no later than eight business days of the day on which the department receives the report. The DABC initiates disciplinary proceeding by issuance of a Notice of Agency Action. Once a Notice of Agency Action is issued, the assistant attorney general assigned to the department represents the department and commission in the disciplinary proceeding.

99% of violations are settled out of court meaning that the establishment pays the fine plus administrative cost. The violation stays on the record for three years. If repeat violations occur, the penalties increase up to and including \$25,000 fine and revocation of license.

During this reporting period total fines assessed in Utah were \$221,200.00 and administrative costs totaled \$29,853.50. Administrative costs were put into the State General Fund.

There were 369 First Offender violations, 10 Second Offender violations and 7 with 2 or more offenses. Cities and Counties with repeat offender establishments are identified below.

The following table represents a summary of detailed DABC compliance information including County, City, Name, Penalty Frequency, Violation Date and Type, Fine Assessed, Administrative Costs, and number of Days Suspended.

Department of Alcohol and Beverage Control Compliance Report

## Department of Technology Services (DTS)

**D**TS has the capability to pull address information for alcohol related offences that have been extracted from the electronic citation submission repository (currently available from approximately 50% of law enforcement agencies in Utah). This information is sent to the AGRC (Automated Geographic Reference Center) for geo-coding. AGRC can then extract summary information for mapping. Note: When the information is shown on the map, no personal information will be seen.

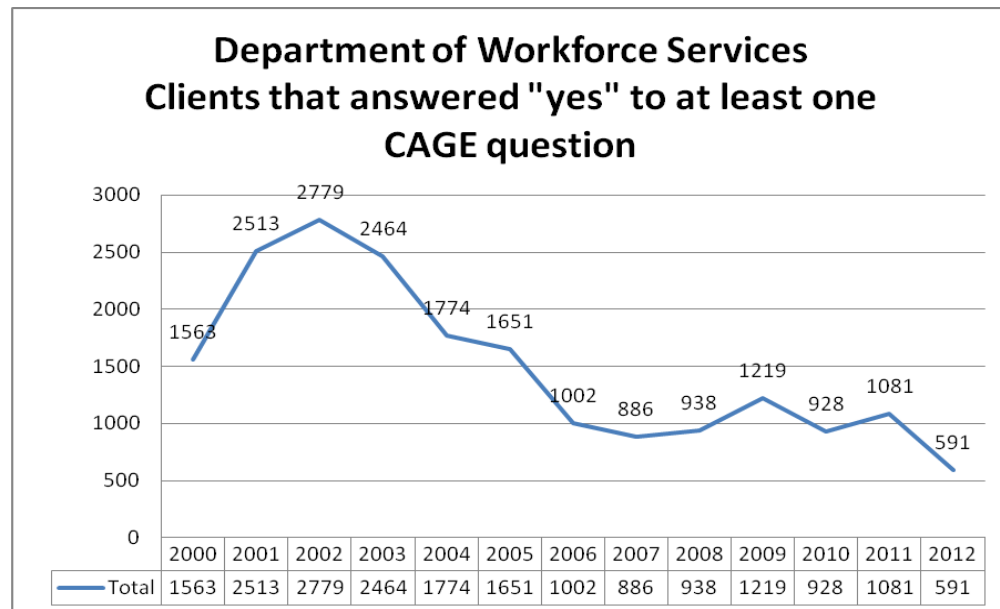

## Department of Workforce Services (DWS)

**D**WS has approximately 20,000 individuals per year in case management. An average of 1,491 clients per year (from 2000 to 2012) answered yes to at least one CAGE question. There was a significant drop in 2013 to 240 clients. This is probably due to a policy change that no longer requires every case managed customer to answer the CAGE questions.

CAGE is a 4-item, relatively non-confrontational questionnaire for detection of alcoholism. The 4 questions are:

1. Have you felt the need to **C**ut down on your drinking?
2. Do you feel **A**nnoyed by people complaining about your drinking?
3. Do you ever feel **G**uilty about your drinking?
4. Do you ever drink an **E**ye-opener in the morning to relieve shakes?

The first letters in the bold statements make up the CAGE acronym by which the assessment is known.

## Department of Public Safety/State Bureau of Investigation (SBI)

**S**BI agents make up an Alcohol Enforcement Team (AET) and focus on alcohol enforcement in the State of Utah. SBI Agents focus primarily on public safety with an emphasis on service to intoxicated persons, service of alcohol to minors or consumption of alcohol by minors, and of DUI.

Agents conduct statewide compliance operations and investigations at random and/or as a result of a tip, complaint or anonymous report of violation(s). If violation(s) are found, the information is gathered and referred to DABC for administrative action and/or local prosecution in the case of a criminal violation. (See DABC Compliance Report for a summary of SBI activity.)

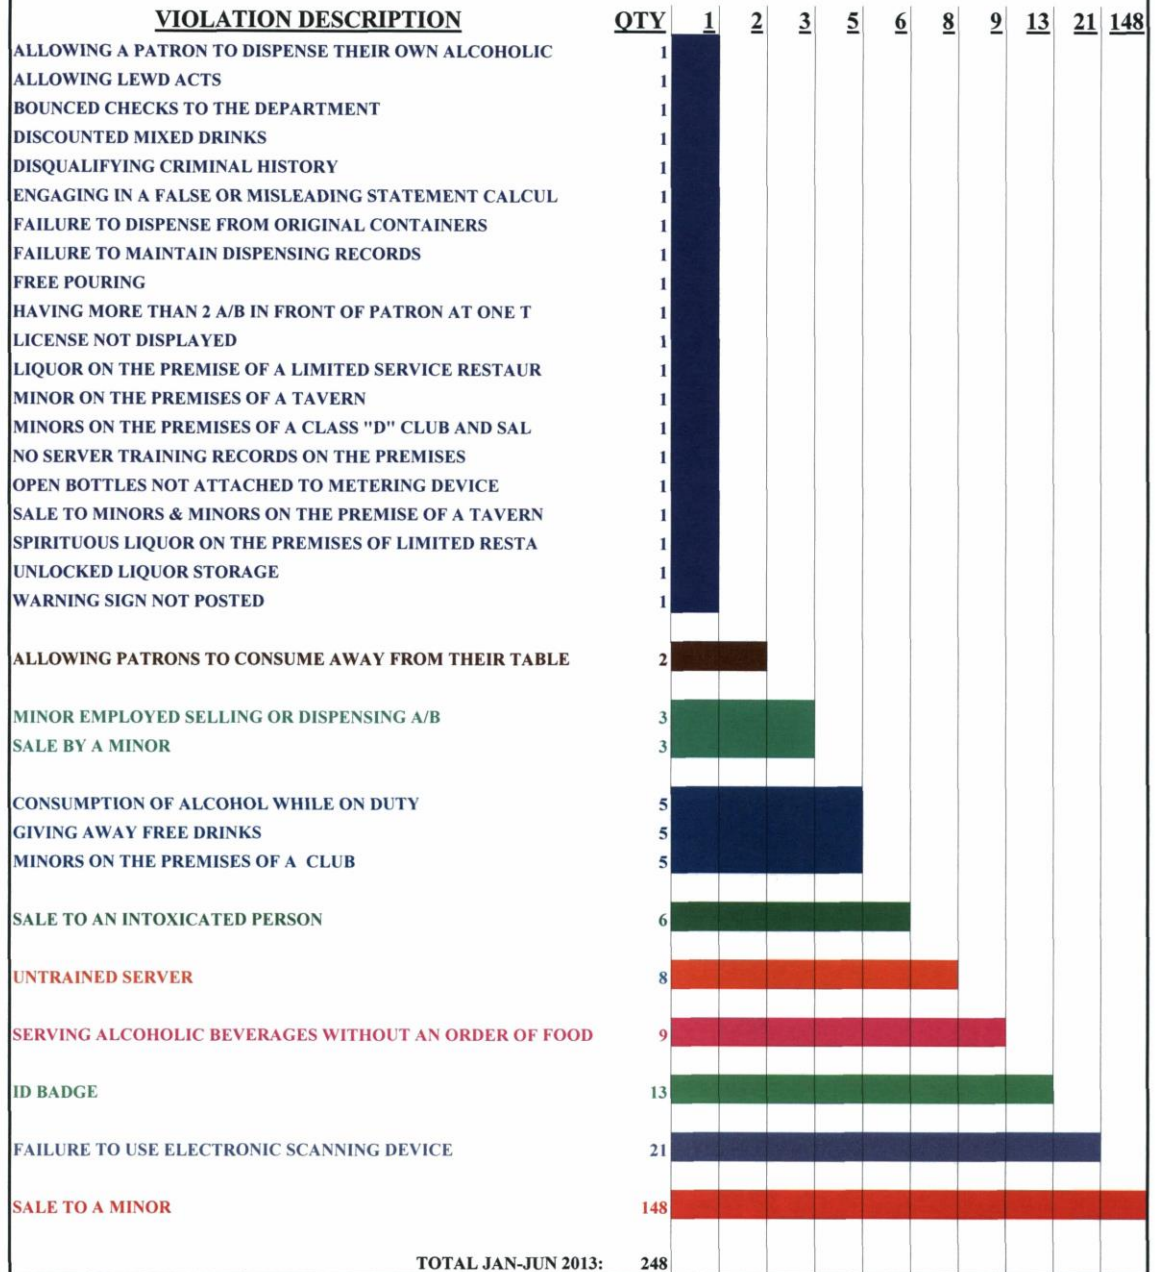

One of the areas of focus is Covert Underage Buyer (CUB) operations. Agents visited 1,034 establishments statewide during the period of January 2013 through June 2013. This included restaurants, clubs/bars, and retail stores. 165 sales were made to CUB's. This averages approximately 16% underage buyer sales statewide.

State Bureau of Investigation			
Covert Underage Buyer Sales			
January 2013 through June 2013			
	<u>Restaurants</u>	<u>Clubs/Bars</u>	<u>Retail</u>
Number Visited	806	179	49
Sold to CUB	125	30	10
% that sold to CUB	15.51%	16.76%	20.41%

The SBI Alcohol Enforcement Team conducts youth alcohol operations in support of local law enforcement (i.e. Raves, Concerts, Music Festivals, etc.). The majority of costs for youth alcohol operations come from grant funding through the Utah Highway Safety Office and averages approximately one-two operations per month. During 2013, SBI participated in 28 youth alcohol operations. A total of 400 citations were issued for alcohol/drug violations. The following table represents violation types by quantity and concludes that *sale to a minor* is the most frequent violation.

## Alcohol Compliance Violation Type (by quantity)
